2019 Georgia Smart Communities Challenge Applications Due May 3rd

The Georgia Smart Communities Challenge Application Deadline is fast approaching. If your Community is interested in receiving grant funding, sponsored research, and additional assistance in Smart Community planning in the topics of Mobility, Equity, and Resilience, it is not too late to apply for this year's opportunity!

2019 Challenge information is available on our [website](#) as well as information on our Georgia Tech [research partners](#).

Don't miss this great opportunity!

GA Smart Welcomes the Georgia Association of Regional Commissions As Our Newest Partner

The Georgia Association of Regional Commissions (GARC), with its membership consisting of leaders from each of Georgia's twelve Regional Commissions, provides a forum to promote and enhance Regional Commission efforts. The organization seeks to elevate the ability of Regional Commissions to serve local governments by providing state and federal programs and expertise in the areas of planning, economic development, transportation, information technology, and human services.

We believe all communities can be smart. Through the integration of technology and data, communities of various sizes, geographies, and development can be empowered to improve their quality of life. That is why we have pulled together a cross-sectoral partnership to raise awareness and knowledge, develop networks, and implement smart projects. This monthly newsletter is part of this greater effort!
