**PARTNERSHIP FOR INCLUSIVE INNOVATION**

ESTABLISHING GEORGIA AS THE TECHNOLOGY CAPITAL OF THE EAST COAST

#TECHCAPITALGA

Georgia Smart Highlights Meeting

The Georgia Smart Communities Challenge Program hosted a virtual Highlights Meeting in September that brought together all three GA Smart cohorts for the first time. Using **Gatherly**, a new, engaging events platform from Georgia Tech's CREATE-X, the program began with a Q&A panel discussion between new GA Smart representatives and 2017 and 2018 alumni. Participants then broke out into smaller groups led by Georgia Tech facilitators **Greg McCormick**, **Chris Le Dantec**, and **Kari Watkins**, to discuss topics including Local Data, Engaging Your Community, and Mobility. Finally, the smaller groups merged back in to one to allow for large group sharing!

12/2 - Smart City Expo Miami

The **Partnership for Inclusive Innovation** is a public-private partnership between the state of Georgia, private entities and the Georgia Institute of Technology which launched in 2020 to lead coordinated, statewide efforts to position Georgia as the Technology Capital of the East Coast. Under the leadership of Lt. Gov. Geoff Duncan, board chair Dr. G.P. Bud Peterson and executive director Debra Lam, the organization guides efforts and pilot programs to help foster access, growth, entrepreneurship and innovation throughout the state, with the ultimate goal of achieving inclusive innovation throughout Georgia. The organization aspires to define Georgia's entrepreneurial identity as a national leader in technology research, development and implementation.
